BOOK SYNOPSIS

From the New York Times bestseller Dima Zales comes an action-packed sci-fi adventure set in a post-singularity future. For a limited time, get all 3 full-length novels (1000+ pages) in one convenient, discounted bundle. When invisible technology runs everything and memories can't be trusted, how does one sort the truth from the lies? Oasis, the last habitable area on post-apocalyptic Earth, is meant to be a paradise, a place where everyone is content. Vulgarity, violence, insanity, and other ills are but a distant memory, and even death no longer plagues the last surviving humans. Theo, a twenty-three-year-old Youth, has never fit in with the serene, age-divided Oasis society. But it's only when he starts hearing a girl's voice in his head that he realizes that nothing is what it seems. Phoe is his imaginary friend—or is she? As secrets are unveiled, Theo is dragged into a dangerous game where the virtual and the real worlds collide. What does it mean to be human? What does it mean to be real? Theo is about to find out.
